Camp Northward is a Christian nonprofit organization. We could not do what we do on site without the following: the gift of God's Word to guide us with wisdom and focus of mission, prayer, volunteers, our supporting churches, donations, servant hearts, prayer, the commitment of our deans, staff and counselors, and did we mention prayer?

Before diving into this list, we want every person reading this to understand that we are optimistic about the future of Camp Northward and Christian camps in general. We believe that the outdoors is a great place for kids and families to be, and we believe that the Bible changes lives.

We pray that if you choose to give that you give out of the overflow of your heart and resources. God has done great things before and He will continue to do them again.

We promise we will "remember before our God and Father your work produced by faith, your labor prompted by love, and your endurance inspired by hope in our Lord Jesus Christ". (1 Thessalonians 1:3)

In Christ,
Your Camp Northward Staff

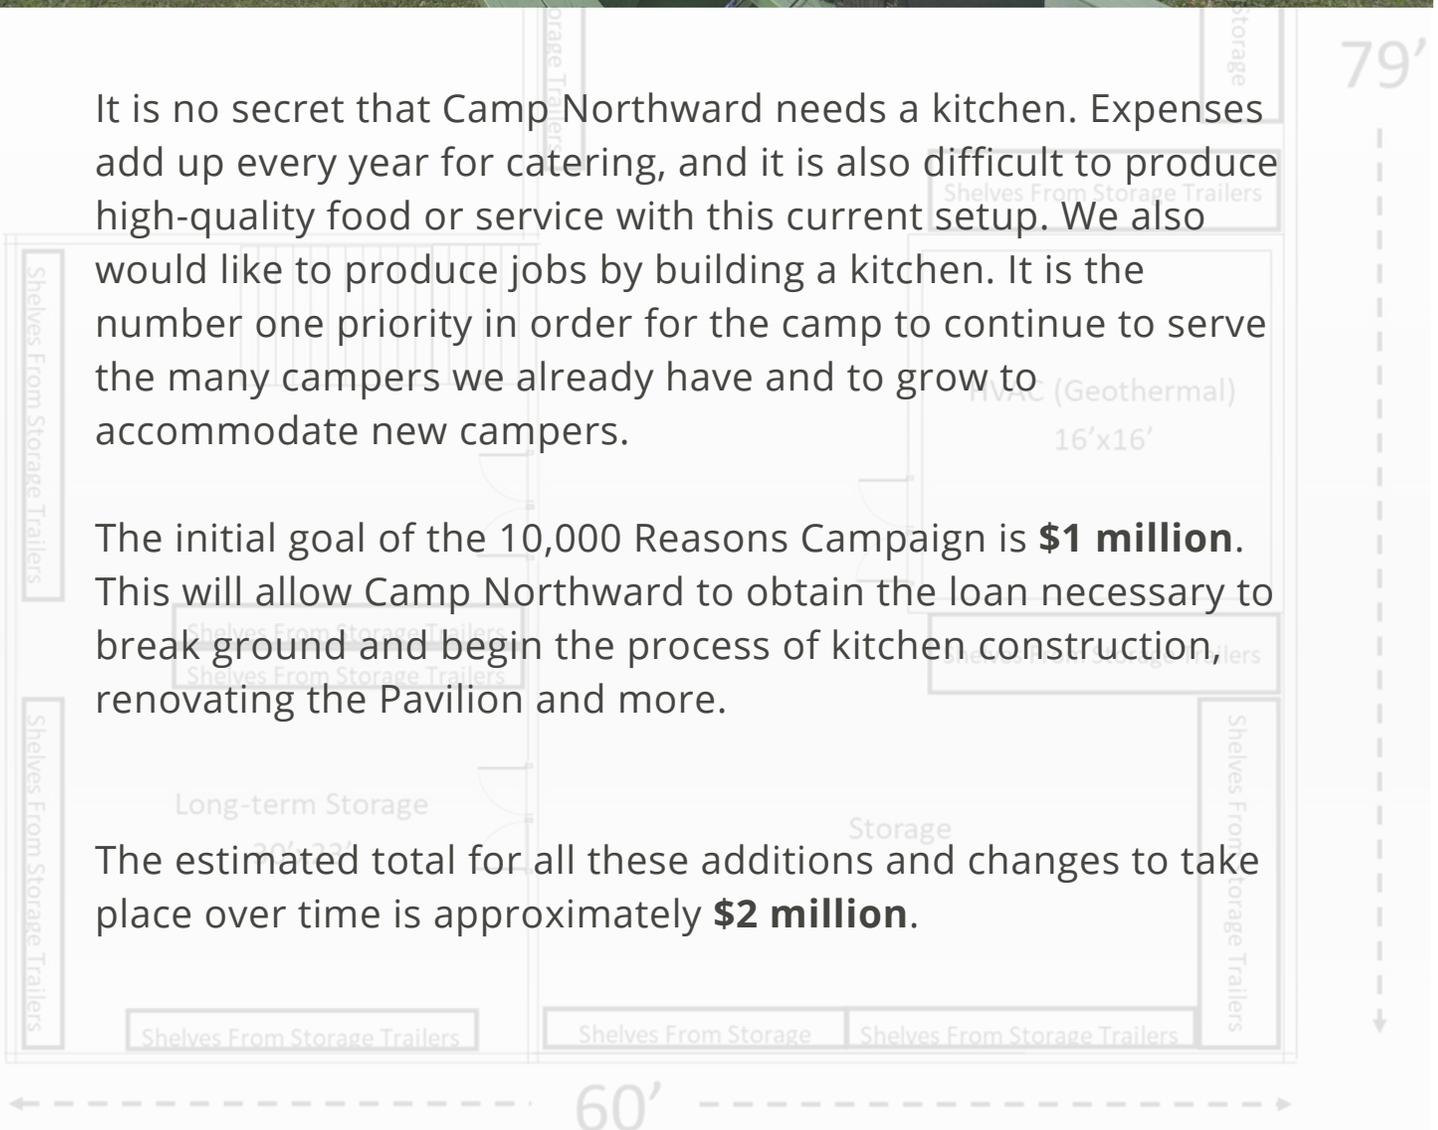

KITCHEN & OFFICE ADDITION

It is no secret that Camp Northward needs a kitchen. Expenses add up every year for catering, and it is also difficult to produce high-quality food or service with this current setup. We also would like to produce jobs by building a kitchen. It is the number one priority in order for the camp to continue to serve the many campers we already have and to grow to accommodate new campers.

The initial goal of the 10,000 Reasons Campaign is **\$1 million**. This will allow Camp Northward to obtain the loan necessary to break ground and begin the process of kitchen construction, renovating the Pavilion and more.

The estimated total for all these additions and changes to take place over time is approximately **\$2 million**.

TRANSPORTATION TRAILER

Wagons are nostalgic, right? They make us think of “old camp days”. That being said, transportation on an outdoor campus should be safe and effective above everything else.

Right now, Camp Northward uses a hay wagon to transport campers and families around campus. This is fun and all, but it causes some problems. First, the wagon is old and beginning to fall apart. Second, it’s high off the ground, which means it is not as accessible or inclusive as we would like it to be. For example, it is almost impossible to get a wheelchair safely up and down on this vehicle. This does not work in serving the diverse populations that we do.

A new transportation trailer would solve these issues. Visualize this: a trailer fitted with benches all the way around, as well as wheelchair anchor points. Much better, right?

Other uses: we would like to use this trailer to give large group tours of the campus, transport our Treehouse Adventure campers during the summer, transport our special needs campers to different locations on campus. It will also transport large equipment if necessary. Mostly, it will be a people mover!

Total Project Cost Estimate:

\$3,500

HIGHWAY SIGNAGE

"ARE WE THERE YET?"

While questions like this one are great for eager campers, there is another question we don't like to hear: "Where IS camp?"

We do not like our visitors getting lost. Therefore, we would like to invest in a sign for the corner of US 27 and Broadford Road letting people know where we are located.

This estimate includes the sign, framing and a PVC kit to hang the sign once it is complete.

\$850

Total Project Cost Estimate

We cannot overstate how important scholarships are for equal access to Camp Northward. A scholarship donation can easily be the difference between a child attending a session or not.

Every year we give out multiple **camp scholarships** to those who apply. In recent years we have given more than **\$4,000** in scholarships. Imagine how many experiences can be had for that amount!

The lowest cost for a regular session week is \$90 for our 2nd-3rd graders. The highest cost for a regular session week is \$260 for our Senior High campers. Any amount you give to this particular fund makes an immediate, lifelong impact on the life of a camper.

A photograph of three people standing outdoors in a wooded area. On the left, a young man in a striped polo shirt and khaki shorts has his hands clasped. In the center, a woman in a dark polo shirt and khaki shorts is gesturing with her hands. On the right, a young woman in a grey t-shirt and pink shorts is looking towards the woman in the center. They are all smiling and appear to be in conversation. The background shows trees and a wooden structure.

UTILITY TERRAIN VEHICLE

MOBILITY & ADDITIONAL ACCESS

Camp Northward would like to acquire a side-by-side Utility Terrain Vehicle (UTV). Ideally, this UTV will have four seats and a utility bed.

The UTV will be a multipurpose vehicle. A UTV would increase safety by providing the nurse easy transportation around campus, especially to places that are more difficult to access (like the lake and the team building area). During check-in this would serve as special transportation for parents or grandparents with mobility issues. Finally, a UTV would provide us a way to give tours to small groups in a more professional way.

10,000 Reasons

CAPITAL CAMPAIGN

What is 10,000 Reasons?

10,000 Reasons is Camp Northward's capital campaign. We are fundraising over the course of the next four years. The goal is to raise one million dollars. This amount will secure us a loan to break ground on the next phase of the camp's expansion.

What projects will the 10,000 Reasons Campaign cover?

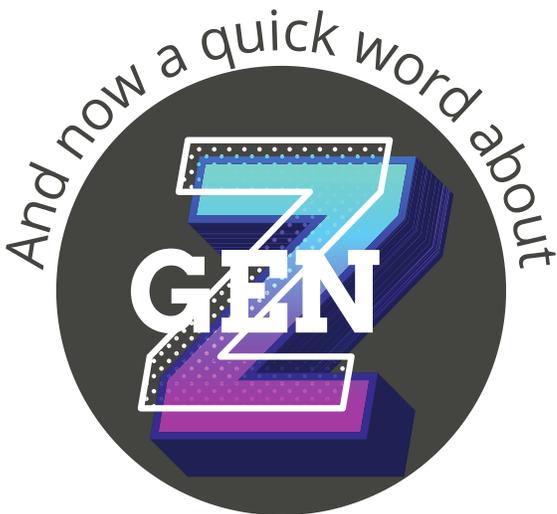

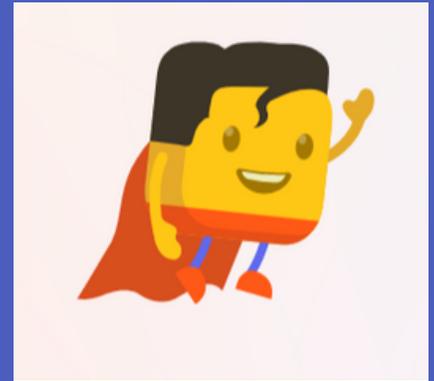

There are several. While some of the different pieces are always in flux, the number one priority of the expansion is to renovate and expand the Pavilion to include a kitchen, permanent staff offices, additional meeting spaces, storage and more.

WANT TO BE A HERO? GIVE ONLINE!

We are using an online fundraising platform called "Givebutter". To view our 10,000 Reasons campaign, visit:

www.givebutter.com/tenthousandreasons

You can also scan the QR code to the right using your phone's camera to get to this webpage. If you would like to donate to our campaign digitally, this is the way to do it.

Did you know that Generation Z (young adults born 1996 and later) are some of the most giving individuals?

According to the fundraising platform "Classy" (www.classy.org), 30% of all of Gen Z has already donated to an organization, and 1 in 10 wants to start a charity. They also prefer mobile giving.

Let's take a moment to thank God for the generous, open hearts of Generation Z.
